

Hello Professor Nelms,

I'm Isaac Abella, a first-year engineering student in your 12:55 p.m. - 2:10 p.m. EF141 lab. I'm writing to create a professional email to my GTA. I'm currently a computer science major and my current career interest would be in machine learning.

If there's one thing to know about me, it's that I like to ask for help whenever possible or when I feel like I just can't see the solution clearly when I try to do it myself.

Thank you for your time,

Isaac Abella
